SECTION V: REQUIRED SITE PLAN SUBMITTAL CHECKLISTS

R1/R2 PROJECT SUBMITTAL CHECKLIST:

Listed below are the minimum submittal requirements for site plan application before the Village of Honeoye Falls Planning Board for any structure (addition, deck, porch, shed, garage) with a minimum area of 200 square feet in an R1 or R2 zoning district. The Planning Board reserves the right to request additional information, as necessary, to support an application. The Planning Board also reserves the right to reject the application if these minimal requirements are not met.

Village staff will review the application and related information as submitted and determine that the application is complete or if additional information is required in order for the Planning Board to adequately review the application. Applicant shall submit any supplementary information requested no later than one week prior to the Planning Board meeting date in order to afford time for review of information prior to the meeting. The applicant shall submit eight (8) complete sets of all materials.

(for reviewers use)			R1/R2 SITE PLAN SUBMITTAL SHALL INCLUDE THE FOLLOWING ITEMS:
YES	NO	N/A	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	1. Survey map drawn to scale (scale must be noted) showing the property boundary lines, dimensions and area of the lot and indicating any Environmental Protection Overlay Districts (EPODs).
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	2. Survey map showing the complete footprint of all existing structures with dimensions present on the lot at the time of application. Show setback dimensions from property boundary to structure(s), driveways and parking areas.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	3. Survey map showing the footprint of the proposed structure with dimensions and indicating the distance the proposed structure is from the front, rear and side lot lines and the primary building if proposed structure is an accessory building.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	4. Affidavit of No Change to Survey. Planning Board requires a current survey to be provided. However, a previous survey can be used with a signed and notarized Affidavit by the applicant stating that no changes have been made to the property since the date of the submitted survey.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	5. Exterior building elevations (existing and proposed) drawn at a minimum ¼ inch equals one foot scale, showing all sides exposed to view and showing the location and size of all windows, doors, trim, architectural details and indicating the type of all exterior materials to be used for the proposed structure. Renderings alone are not sufficient.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	6. Location, height, intensity and bulb type of all external lighting fixtures. Adherence to Village Lighting Ordinance (Ch. 190, Art. XVIII), must be shown, including methods to eliminate glare onto adjoining properties.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	7. If any portion of the parcel is within a flood plain overlay district: Label base flood elevation and floor elevations of all structures shown. Plans shall indicate areas within the proposed site and immediately adjacent property to the proposed site where ground removal or filling is required and indicate volume of soil removed or fill material in cubic yards.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	8. Indicate plans to prevent the pollution of surface or ground water and erosion of soil or both during and after construction. Provide storm water management report as required.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	9. Affidavit of Sign Posting. Planning Board requires the applicant to post a sign on the affected property advertising the public meeting time and date. The signed Affidavit must be submitted to the Board, at the meeting, stating that the required sign posting was accomplished for the required time period.

Part 2 - Impact Assessment. The Lead Agency is responsible for the completion of Part 2. Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept “Have my responses been reasonable considering the scale and context of the proposed action?”

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?		
2. Will the proposed action result in a change in the use or intensity of use of land?		
3. Will the proposed action impair the character or quality of the existing community?		
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?		
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?		

6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?		
7. Will the proposed action impact existing: a. public / private water supplies? b. public / private wastewater treatment utilities?		
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?		
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?		
	No, or small impact may occur	Moderate to large impact may occur
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?		
11. Will the proposed action create a hazard to environmental resources or human health?		

Part 3 - Determination of significance. The Lead Agency is responsible for the completion of Part 3. For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

9	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
9	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.
